

## REMARKS

Claims 1-5, 10, and 14 are pending; claims 6-9 are withdrawn, and claims 11-13 have been previously cancelled.

In an Advisory Action dated 26 December 2007, the Examiner states that the amendment of 19 November 2007 will not be entered because it raises new issues that would require further consideration and/or search. That amendment is herein withdrawn.

The present Amendment is submitted pursuant to an in-person Interview conducted on 10 December 2007 between the Examiner, the undersigned, and the Applicant's Danish and European representative, Jorgen Moller. In the interview, claims 1, 2, and 5 were discussed along with the relied upon references U.S. Patent No. 5,555,306 to Gerzon and U.S. Patent No. 5,862,233 to Poletti. It was agreed that the combination of claims 1, 2, and 5 appears to be allowable to Applicant because none of the references teach or suggest all of the limitations recited in these claims.

Accordingly, herein, claim 1 is amended to include all of the provisions of claims 2 and 5. Thus, claim 1 is now allowable. Claims 2 and 5 are correspondingly cancelled. Claims 3 and 4 are revised to depend from independent claim 1. The withdrawn claims 6-9 are herein cancelled. Claims 10 and 14 are also cancelled. A new claim 15 is added which includes all of the limitations of allowable claim 1 and is thus correspondingly allowable.

This amendment is submitted after filing a Notice of Appeal and prior to filing an Appeal brief pursuant to 37 C.F.R. 41.33. As discussed, this amendment merely cancels claims and complies with the Examiner's requirement of form specified in the Interview of 10 December 2007. Therefore, entry of the present amendment and prompt issuance of a Notice of Allowance are respectfully requested.

It is noted that new matter is added by way of the present Amendments as support is found throughout the originally filed specification, claims and drawings.

The Examiner is invited to contact Applicant's attorney at the below-listed phone number regarding this Response or otherwise concerning the present application.

Applicant hereby petitions for any necessary extension of time required under 37 C.F.R. §§1.136(a) or 1.136(b) which may be required for entry and consideration of the present Reply.

If there are any charges due with respect to this Amendment or otherwise, please charge them to Deposit Account No. 06-1130 maintained by Applicant's attorneys.

Respectfully submitted,
